**Note:** The degree plan for the Associate in Ministry Program is designed to train Christian workers to fully support existing or new ministries. Anyone interested in taking a lead position such as pastor or minister, rather than a supporting position in a ministry, should continue to complete the Bachelor in Ministry Program.

The programs have been designed with the goal of preparing students for Christian ministry. The University of the Supernatural Ministry reserves the right to change courses in any program for the benefit of the student's educational experience and/or refresher courses.
